

The King's Scholarship (KS) places are awarded on merit and do not attract automatic fee remission. Please contact the Fees and Bursaries Team on 01753 370581 / 01753 370554 or email bursaries@etoncollege.org.uk if you have any queries.

1. Boys who already have a conditional offer with a bursary award in place.

Boys with a bursary award already in place for year 9 entry will be asked before the start of school year 8 to complete an updated bursary application form so that their bursary award can be reviewed.

2. Boys who hold a conditional offer or waiting list place who have not previously requested financial support.

The School's expectation is that parents who did not apply for a bursary at the time of their initial application will not require financial support throughout the time the boy attends the School. Due to funding constraints, the School cannot accept subsequent bursary applications from parents except in the most exceptional and wholly unforeseeable circumstances. Please contact the Bursaries Team to discuss this further if required.

3. Boys holding a waiting list place who have previously applied for financial support.

You will not be able to submit a new bursary application form in connection with an application for a King's Scholarship, due to funding constraints.

4. Boys applying to Eton for the first time (non-registered candidates) and who require financial support.

Non-registered Candidates applying for a KS place for entry in Year 9 will not be able to apply for a bursary award during Year 8 due to funding constraints.

If a candidate is awarded a KS, parents pay full school fees for the five years that he will attend the School unless he is already in receipt of a means tested bursary awarded in connection with a conditional offer. Parents are asked to carefully consider whether fees can be afforded for the full 5 years as it is not in a boy's best interest to start at the School and have to leave part-way through for financial reasons.

Please refer to the diagram overleaf for a summary.

Current Status

By the time your son started year 6

When your son was in year 6

Application for King's Scholarship

Your son has a conditional place

You applied for a bursary

You didn't apply for a bursary

Your son was made a bursary award

No bursary award was made

Your son's bursary award will be subject to an annual review prior to him starting at the School

Due to funding constraints the School cannot accept subsequent bursary applications from parents except in the most exceptional and wholly unforeseeable circumstances, so a bursary application cannot be submitted

Due to funding constraints, a means-tested bursary request can only be made at the time of initial application to the school, except in the most exceptional and wholly unforeseeable circumstances, so a bursary application cannot be submitted

Your son has a waitlist place

You applied for a bursary

You didn't apply for a bursary

Due to funding constraints, a means-tested bursary request can only be made at the time of initial application to the school, except in the most exceptional and wholly unforeseeable circumstances, so a bursary application cannot be submitted

Due to funding constraints, a means-tested bursary request can only be made at the time of initial application to the school, except in the most exceptional and wholly unforeseeable circumstances, so a bursary application cannot be submitted

Your son is an unregistered candidate for King's Scholarship

Due to funding constraints, a means-tested bursary request cannot be made. If your son is awarded a KS, then full fees are payable for the five years your son is at the School.
